

Need to get a message out to a select group of people, FAST?

With Notify Plus from Halstad Telephone Company you can do just that.

These are the types of people already using Notify Plus:

Day Care centers alerting parents of a storm closure

Cities alerting customers of outages

School counselors informing senior parents of scholarship opportunities

Coaches informing the Little League team of a rainout

Setup is 3 easy steps on a web page:

1. Build your phone book
2. Record your announcement
3. Select the time to run your announcement
